MESSAGE FROM GOVERNING COUNCIL

Dear Candidates

We Welcome you to appear in KMAT 2021. This being in your first deliberate step to pursue a career in Business Management and Computer Application profession, we wish you all the best for the test.

It is our endeavor at KPPGCA to facilitate smooth conduct of KMAT to fill all seats in the MBA/MCA programs offered by AICTE approved University affiliated self financing colleges in Karnataka.

The test is permitted by Government of Karnataka (Order No. : ED 165 TEC 2021, Date 17/11/2021) and as per the judgement of Hon. Supreme court directions in the case No. Appeal (Civil) 5041 of 2015.

With best wishes

KMAT - 2021
(Karnataka Management Aptitude Test)

KARNATAKA PRIVATE POST GRADUATE COLLEGES' ASSOCIATION Bangalore

About us

1.1. Overview

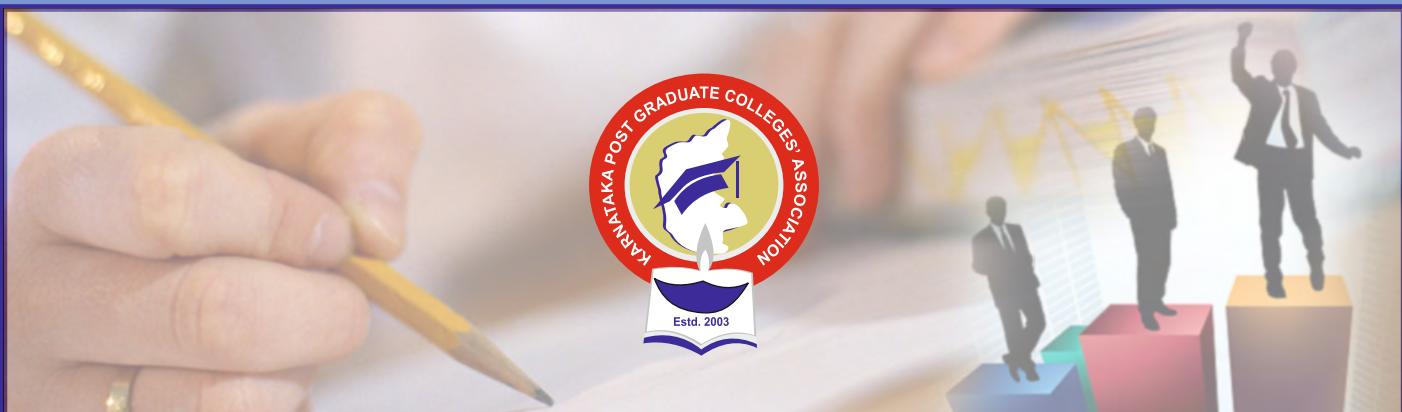

KPPGCA – established on 29th January 2003 – was born of a felt need for a professional body to provide proactive support to professional education and facilitate and streamline admission to postgraduate professional courses, viz., MBA, PGDM and MCA. KPPGCA has in its fold over 169 member institutions which are affiliated to respective universities in Karnataka.

KMAT 2021 : During the past 13 years, KPPGCA has been orchestrating the process of admission to MBA and MCA courses to fill the management quota of seats in the member institutions by holding the "Karnataka Management Admission Test (KMAT)" at test centers across Karnataka.

Besides facilitating admission to MBA and MCA courses, KPPGCA is actively spearheading a variety of academic, curricular and co-curricular programmes.

The association's activities include:

- Faculty development programmes and workshops
- Assistance in placement for students
- Organizing seminars, exhibitions, conferences and lectures
- Establishing Industry – Institution networking
- Publication of Journals, Books and Articles
- Organizing domestic and international Education tours
- Conducting tests and facilitating admissions
- Consultancy and research services to Corporate and Education sectors
- Liaison with University, UGC, AICTE and Govt.
- Advisory services on courses, syllabus, research, academic administration, etc
- Organizing inter-collegiate sports, cultural and literary events
- Consulting an establishment, running and legal issues in the administration of management and computer course institutions
- Providing legal, technical and advisory services

KARNATAKA PRIVATE POST GRADUATE COLLEGES' ASSOCIATION Bangalore

Why MBA/MCA

2.1. MBA in Karnataka

An MBA program attracts applicants from various backgrounds and b-schools try their best to maintain diversity in the class. Often it is tough to really decide on why or how any candidate is better than the others.

There are over 200 colleges in Karnataka offering MBA programs. Karnataka has become the preferred region for students to pursue MBA program. Some of the reasons students chose to do there MBA in Karnataka is below.

Karnataka is the manufacturing hub for some of the largest public sector industries in India, including Hindustan Aeronautics Limited, National Aerospace Laboratories, Bharat Heavy Electricals Limited, Indian Telephone Industries, Bharat Earth Movers Limited and HMT (formerly Hindustan Machine Tools), which are based in Bangalore. Many of India's premier science and technology research centers, such as Indian Space Research Organization, Central Power Research Institute, Bharat Electronics Limited and the Central Food Technological Research Institute, are also headquartered in Karnataka. Mangalore Refinery and Petrochemicals Limited is an oil refinery located in Mangalore.

Since the 1980s, Karnataka has emerged as the pan-Indian leader in the field of IT (information technology). As of 2007, there were nearly 2,000 firms operating out of Karnataka. Many of them, including two of India's biggest software firms, Infosys and Wipro are also headquartered in the state.

Karnataka also leads the nation in biotechnology. It is home to India's largest biocluster, with 158 of the country's 320 biotechnology firms being based here. The state also accounts for 75% of India's floriculture, an upcoming industry which supplies flowers and ornamental plants worldwide.

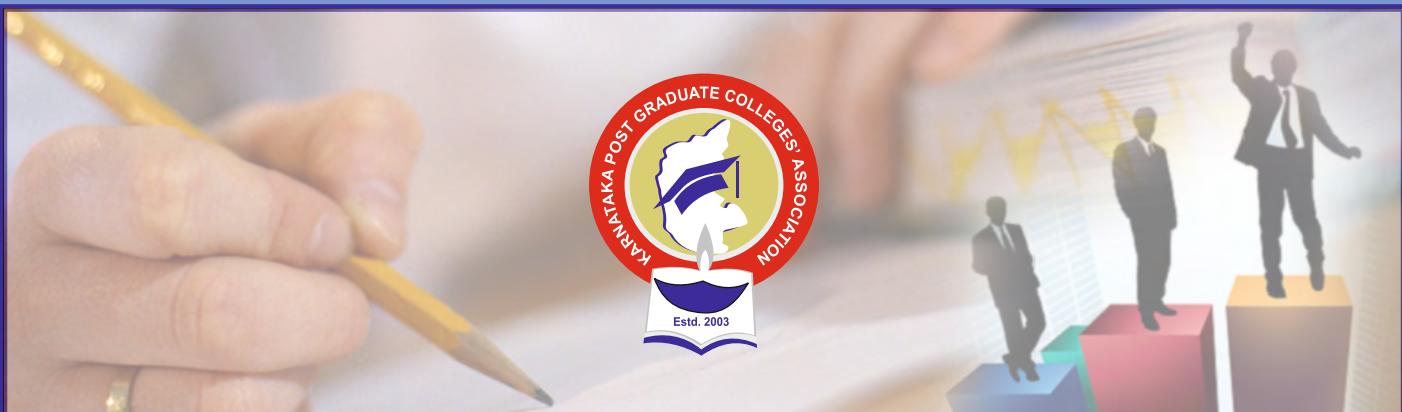

Seven of India's leading banks, Canara Bank, Syndicate Bank, Corporation Bank, Vijaya Bank, Karnataka Bank, Vysya Bank and the State Bank of Mysore originated in this state. The coastal districts of Udupi and Dakshina Kannada have a branch for every 500 persons—the best distribution of banks in India. As of March 2002, Karnataka had 4767 branches of different banks with each branch serving 11,000 persons, which is lower than the national average of 16,000.

2.2. MCA in Karnataka

Information Technology is growing rapidly. Increasing applications of computers in almost all areas of human endeavor has led to a vibrant industry with concurrent rapid change in technology. Thus the challenge in designing a curriculum is to identify the areas of core competence which is reasonably stable and provide sufficient number of electives and laboratories to accommodate changes.

MCA is a three year (6 semesters) course. The students entering MCA must have a B.C.A./B.Sc./ B.Com/B.A. degree with Mathematics as one of the subjects at 10+2 level or at graduation. Of the 6 semesters one semester is to be spent in an industry developing a software system. The MCA programme is planned to have 5 theory subject plus two laboratories each semester.

Since the 1980s, Karnataka has emerged as the pan-Indian leader in the field of IT (information technology). As of 2007, there were nearly 2,000 firms operating out of Karnataka. Many of them, including two of India's biggest software firms, Infosys and Wipro are also headquartered in the state. Exports from these firms exceeded 50,000 crores (\$12.5 billion) in 2006-07

KARNATAKA PRIVATE POST GRADUATE COLLEGES' ASSOCIATION Bangalore

2.3. Accreditation and Approvals

Colleges offering MBA, PGDM and MCA programs in India have to verify approval status by AICTE. For list of approved colleges visit the following link. <http://www.aicte-india.org/misappmanagement.htm#>

2.4. Benefits and Value

The MBA/MCA degree is capable of transforming students and working professionals into competent managers who are responsible and capable enough to handle and sort out any problems which hamper or affect the working of their company.

MBA

Most top MBA programs cover similar subjects within their core required courses. MBA programs expose students to a variety of subjects, which students may choose to specialize in a particular area. Students traditionally study a wide breadth of courses in the program's first year, and then pursue a specialized curriculum in the second year. Full-time students typically seek an internship during the interim. Typical specializations include: accounting, economics, entrepreneurship, finance, international business, management science, marketing, management, organizational, project management, real estate, and strategy, among others.

MBA equips you to be a good and a competent manager. Every company needs a manager in order to manage resources, people, projects and funds. The pay packages offered to MBA's are much more than the ones offered to graduates.

MCA

This program provides specialization in computer science with technical, professional and communications skills. It also trains students to become future IT professionals. This programme will give the aspirants a sound understanding of basic computer applications in business covering key programming languages, data base management, systems analysis, computer

2.5. Entry Criteria

With almost 200,000 applicants every year in the race to get a place in one of the top tier business schools, the selection criteria is stiff and normally entails a national level examination, followed by an interview and group discussion. The range of exams includes CAT by IIMs, MAT by AIMA and XAT by XLRI are among the prominent ones.

KMAT exam conducted by Karnataka Private Post Graduate Colleges Association (KPPGCA) provides students access to over 169 colleges in Karnataka

MBA programme under VTU aims to equip students with the necessary knowledge and managerial skills to occupy positions of management and administration in business, industry, public system and the government. The course helps students understand business management concepts and their applications in the domestic and global business setting. It helps to identify customer needs and participate in the process of developing products and services to meet their requirements. The programme provides the right mix of managerial and business exposure to function effectively in various domains of management.

IASMS

IA SCHOOL OF MANAGEMENT STUDIES
(Formerly known as INDIAN ACADEMY SCHOOL OF MANAGEMENT STUDIES)

OUR MBA PROGRAMME

One of the most prestigious and sought-after degrees in the world, MBA benefits all those who aspire for managerial posts or those who wish to start their own ventures. This globally recognised programme is a two-year postgraduate course covered in four semesters. The regular series of guest lectures by well-known academicians and corporate leaders coupled with successful case studies make it a distinctive and unique course.

IASMS ensures each of its graduates steps into the real world as a professional who is capable of catering to the demands of the modern global corporates efficiently and independently.

SPECIALIZATIONS OFFERED

The IASMS MBA programme offers 4 specializations

- Finance Management
- HR Management
- Marketing Management
- Banking Finance and Insurance Services Management

Students can choose any two specializations in the third semester. During the course, the student will also have to complete two projects; the first one will be for 8 weeks in the third semester and the next one will be a dissertation project for 8 weeks in the fourth semester.

We also offer a dual certification program through which students get a Diploma in Management Practices, that will add immense value to their profile.

OUR TOP RECRUITERS

Disclaimer: A few logos of organizations have been shown for ease of recognition and recall; the logos are the exclusive property of the respective organizations and no violation of IPR is intended or implied.

IASMS ALSO BRINGS DIPLOMA IN MANAGEMENT PRACTICE (DMP) COURSE WHICH COVERS THE FOLLOWING:

The DMP program is a growth-accelerating program which ensures students gain crucial business skills and build crucial industry competence that enables them to rise to the top.

Jawaharlal Nehru National College of Engineering

JNANAVIKAS INSTITUTE OF TECHNOLOGY

About the Institute

JnanaVikas Institute of Technology (JVIT) is one of the most prestigious engineering colleges in Karnataka established in 2001 by JnanaVikas Vidya Sangha. The institute is affiliated to Visvesvarayya Technological University (VTU) Belgaum, approved by All India Council for Technical Education (AICTE) New Delhi and Recognized by State Government of Karnataka. JVIT offers full time UG and PG courses under Engineering and Technology programme which are value driven and relevant to the present day industrial requirements.

About MBA Department

Department of Management Studies and Research was initiated in the year 2009, with the intake of 60 students. The department has since then built on its base of highly accomplished faculty and motivated students to emerge as the premier institutes for management education and research promoting managerial excellence. MBA department has initiated steps to contribute a research centre, where the faculty and students shall get fully involved. Exclusive research center will be setup for the management and economics division where the projects related to management and economic field will be taken up. One of our faculty have engaged in research and development activities in the department and have handled 4 different projects which were funded by Central and State government and expecting sanction of new projects sponsored by both central and state government.

Master of Business Administration

The design and delivery mechanisms of the program are aimed at providing you with all the three: the knowledge, the skills, and the attitude required for an effective managerial career. What you get out of the programme depends on the regularity and quality of effort you put into it.

Centre for Management Studies, Presidency College is affiliated to Bengaluru Central University and approved by AICTE, New Delhi was established in the year 2002. The Management education at Centre for Management Studies, Presidency College is a professional experience that prepares the students for the future. At Presidency, industry interface is a year-round activity with projects.

Program Objective:

- To instill habit of continuous learning to exhibit innovation, creativity and management skills.
- Enhance analytical skills and improve decision making for the organization.
- Enhance competency in leadership roles as required by business and the organization, and simultaneously be good team players.

Master of Computer Application

This is a professional post-graduate degree for students who deeply want to learn computer application development. Course is a combination of both theoretical and practical knowledge. The programme emphasizes the application of software technology to solve mathematical, computing & communications/networking

Program Objective:

- Prepare post graduates for productive careers in software industry, corporate sector, Govt. organizations and academia by providing skill based environment for teaching and research in the core and emerging areas of the discipline.
- To continue a lifelong professional development in computing that contributes in self and societal growth
